

Realtors can earn \$\$\$\$ for introducing new Agents and Brokers to our Short Sale Assistance Program

Agents working with Titanium Solutions can receive \$100 for each new agent who they refer to Titanium Solutions' "Short Sale Assistance Program"

Program Offering:

For EACH agent you refer who contracts with us to process a short sale, and the agent you refer is not an existing HRC and not an agent we have worked with in the past, we will pay you \$100 when the short sale closes and our processing fee is paid.

Program Process

When the agent you introduced to our program sends us their first short sale and indicates you are the reason they found out about us, we will check our records to confirm the agent you referred has not worked with us on a short sale in the past.

We will note on the processing fee agreement, and you will be paid \$100 when the sale closes and we receive our processing fee.

Program Requirements

In order to receive the \$100 referral fee:

- 1-You must be a licensed agent
- 2-The agent or broker who sends us the short sale must name you on the processing fee agreement form as the person that introduced them to the program.
- 3-The person you referred cannot be someone who we have processed a short sale for in the past.
- 4-The short sale must close within 180 days from the date on the processing fee agreement.

This program is in effect immediately but for a limited time! The key is to get the word out so the referral is yours!
